<p>Grand Total</p>		<p>\$71,270,915.00</p>

* The 5-Year ADPICS Amount represents the total amount of funding available for the specific jurisdictions that the vendor will be serving, if the maximum dollar amount allocated to each LDSS for purchase of In-Home Services is purchased in totality with this vendor in these jurisdictions. It is highly unlikely that any one vendor will serve all of the clients in any one jurisdiction and receive the total available award amounts in payments during the five-year contract term. However, due to ADPICS limitations and the uncertainty of how many clients a vendor will serve, the grand total ADPICS amount must be awarded and approved by the BPW for proper payment posting by each LDSS. The total budgeted amount of \$12,775,660 will not be exceeded over the five-year contract term.

** Includes in-home aide services to 21 jurisdictions except Allegany, Anne Arundel and Montgomery counties that have local arrangements in place for the delivery of services.
